DATA SHEET

Product name: Human Periodontal Ligament Stem Cell Culture Complete Growth Un-differentiation Media

Catalog number: M36085-01U

Description: Human Periodontal Ligament Stem Cell Culture Complete Growth Un-differentiation Media with Antibiotics (500ml). Optimized for use with Human Periodontal Ligament Stem Cell Culture. Each lot is qualified to support Human Periodontal Ligament Stem Cell Culture growth and Proliferation. Formulated for use in a 5% CO₂ humidified incubator.

Storage Conditions: 2- 8 °C

Tissue culture: The Human Periodontal Ligament Stem Cell Culture Complete Growth Un-differentiation Media was tested and Optimized with Human Periodontal Ligament Cells in Tissue Culture. The Human Periodontal Ligament Stem Cell Culture was grown on Celprogen's Human Periodontal Ligament Stem Cell Culture Extra-cellular Matrix pre-coated flasks. The Human Periodontal Ligament Stem Cell Culture Complete Growth Un-differentiation Media was optimized on this Extra-cellular Matrix and Media combination Cell Culture system up to 6 passages within 80 population doublings in a 37°C humidified incubator with 5% CO₂.

Product Orders: Before submitting an order you will be asked to read and accept the terms and conditions of Celprogen's Material Transfer Agreement (MTA).

Permits & Forms: In addition to the MTA mentioned above, other CELPROGEN and/or regulatory permits may be required for the transfer of this CELPROGEN material. Anyone purchasing CELPROGEN material is ultimately responsible for obtaining the permits.

Notices & Disclaimers: *CELPROGEN products are intended for laboratory research purposes only. They are not intended for use in Humans.* The Product, Human Periodontal Ligament Stem Cell Culture Complete Growth Un-differentiation Media, is established and manufactured by CELPROGEN Inc., for Research Use Only. This product is not for re-sale or may not be transferred to third party prior to written request and approval by CELPROGEN Inc.
