DATA SHEET

CellPure Freezing Media

Catalog number: M3777-77FM

Description: CellPure Freezing Media; total volume of 100 mL. Optimized for

freezing stem cells, cancer stem cells, induced pluripotent cells, circulating tumor cells and primary cells. Each lot is qualified to support cells freezing and thawing of cells. This Freezing Media is available in ready to use format. This Freezing media is Phenol free,

DMSO free, Serum free and Xeno free.

Storage Conditions: -20^oC

Mycoplasma Test: Negative—PCR and mycoplasma agar methods

Sterility: Negative for bacteria, yeast and mold

Tissue culture: The CellPure Freezing Media was tested and optimized with stem cells,

cancer stem cells, induced pluripotent cells, circulating tumor cells and primary cells storage and recovery. The cells were grown on Celprogen's Extracellular Matrix pre-coated flasks and Media. Ideally the cells should be frozen down when they are in their growth phase. Prior to freezing the cells the media should be changed 24 hours before. Freezing cells: a slow and reproducible cooling rate is very important to ensure good recovery of cultures. A decrease of -1 to -3 ^oC / minute is recommended for

Celprogen's cell culture.

Product Orders: Before submitting an order you will be asked to read and accept the terms

and conditions of Celprogen's Material Transfer Agreement.

Permits/Forms: In addition to the MTA mentioned above, other CELPROGEN and/or

regulatory permits may be required for the transfer of this CELPROGEN material. Anyone purchasing CELPROGEN material is ultimately

responsible for obtaining the permits.

Notices &

Disclaimers: CELPROGEN products are intended for laboratory research purposes

only. They are not intended for use in humans. The product, CellPure Freezing Media, formulated with Phenol free, DMSO free, Serum free and Xeno free Celprogen's Proprietary composition, is established and manufactured by CELPROGEN Inc., and is for Research Use Only. This product is not for re-sale and may not be transferred to a third party prior

to written request and approval by CELPROGEN Inc.
