DATA SHEET

Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell Complete Expansion Media with Serum

Catalog number:	M36043-14ES
Description:	Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell Complete Expansion Media with fetal bovine Serum and Antibiotics: total volume of 500ml. This media is available in ready to use format. Media is optimized for use with Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell . Each lot is qualified to support Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell expansion, growth, and proliferation. Formulated for use in a 5% CO ₂ humidified incubator, and use in low O ₂ environment: 5% O ₂ in a controlled 37 ⁰ C humidified incubator.
Storage Conditions:	2- 8 ⁰ C
Tissue culture:	The Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell Complete Expansion Media with Serum was tested and Optimized with Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell in tissue culture. The Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell was grown on Celprogen's Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell Extra-cellular Matrix pre-coated flasks and Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell Complete Expansion Media with Serum. This media was optimized on Extra-cellular Matrix and Media combination Cell Culture system for up to 12 passages within 80-120 population doublings. This media is formulated to be utilized in a 37 ⁰ C humidified incubator with 5% CO ₂ . (Protocol is provided with the purchase of product)
Product Orders:	Before submitting an order you will be asked to read and accept the terms and conditions of Celprogen's Material Transfer Agreement (MTA).
Permits & Forms:	In addition to the MTA mentioned above, other CELPROGEN and/or regulatory permits may be required for the transfer of this CELPROGEN material. Anyone purchasing CELPROGEN material is ultimately responsible for obtaining the permits.
Notices & Disclaimers:	<i>CELPROGEN products are intended for laboratory research purposes only. They are not intended for use in humans.</i> The product, Human Osteoblast trans-Differentiation from Human Cord Blood Stem Cell Complete Expansion Media with Serum, is established and manufactured by
