DATA SHEET

Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell Complete Undifferentiation Media with Serum
--

Catalog number: M36043-14US

Description: Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell Complete Undifferentiation Media with fetal bovine Serum and Antibiotics: total volume of 500ml. This media is available in ready to use format. Media is optimized for use with Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell . Each lot is qualified to support Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell undifferentiation, growth, and proliferation. Formulated for use in a 5% CO₂ humidified incubator, and use in low O₂ environment: 5% O₂ in a controlled 37⁰C humidified incubator.

Storage Conditions: 2- 8 ⁰C

Tissue culture: The Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell Complete Undifferentiation Media with Serum was tested and Optimized with Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell in tissue culture. The Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell was grown on Celprogen's Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell Extra-cellular Matrix pre-coated flasks and Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell Complete Undifferentiation Media with Serum. This media was optimized on Extra-cellular Matrix and Media combination Cell Culture system for up to 12 passages within 80-120 population doublings. This media is formulated to be utilized in a 37⁰C humidified incubator with 5% CO₂. (Protocol is provided with the purchase of product)

Product Orders: Before submitting an order you will be asked to read and accept the terms and conditions of Celprogen's Material Transfer Agreement (MTA).

Permits & Forms: In addition to the MTA mentioned above, other CELPROGEN and/or regulatory permits may be required for the transfer of this CELPROGEN material. Anyone purchasing CELPROGEN material is ultimately responsible for obtaining the permits.

Notices & Disclaimers:

CELPROGEN products are intended for laboratory research purposes only. They are not intended for use in humans. The product, Human Osteoblast trans-differentiated from Human Cord Blood Stem Cell Complete Undifferentiation Media with Serum, is established and manufactured by CELPROGEN Inc., for Research use only. This product is not for re-sale or may not be transferred to a third party prior to written request and approval by CELPROGEN Inc.
