## DATA SHEET

### Human Fibroblast iPC Culture (Non-Viral) Complete Dedifferentiation Media with Serum

<b>Catalog number:</b>	M736041-01dDS
<b>Description:</b>	Human Fibroblast iPC Culture (Non-Viral) Complete Dedifferentiation Media with fetal bovine Serum and Antibiotics: total volume of 500ml. This media is available in ready to use format. Media is optimized for use with Human Fibroblast iPC Culture (Non-Viral) . Each lot is qualified to support Human Fibroblast iPC Culture (Non-Viral) Dedifferentiation, growth, and proliferation. Formulated for use in a 5% CO <sub>2</sub> humidified incubator, and use in low O <sub>2</sub> environment: 5% O <sub>2</sub> in a controlled 37 <sup>0</sup> C humidified incubator.
<b>Storage Conditions:</b>	2- 8 <sup>0</sup> C
<b>Tissue culture:</b>	The Human Fibroblast iPC Culture (Non-Viral) Complete Dedifferentiation Media with Serum was tested and Optimized with Human Fibroblast iPC Culture (Non-Viral) in tissue culture. The Human Fibroblast iPC Culture (Non-Viral) was grown on Celprogen's Human Fibroblast iPC Culture (Non-Viral) Extra-cellular Matrix pre-coated flasks and Human Fibroblast iPC Culture (Non-Viral) Complete Dedifferentiation Media with Serum. This media was optimized on Extra-cellular Matrix and Media combination Cell Culture system for up to 12 passages within 80-120 population doublings. This media is formulated to be utilized in a 37 <sup>0</sup> C humidified incubator with 5% CO <sub>2</sub> . (Protocol is provided with the purchase of product)
<b>Product Orders:</b>	Before submitting an order you will be asked to read and accept the terms and conditions of Celprogen's Material Transfer Agreement (MTA).
<b>Permits &amp; Forms:</b>	In addition to the MTA mentioned above, other CELPROGEN and/or regulatory permits may be required for the transfer of this CELPROGEN material. Anyone purchasing CELPROGEN material is ultimately responsible for obtaining the permits.
<b>Notices &amp; Disclaimers:</b>	<b><i>CELPROGEN products are intended for laboratory research purposes only. They are not intended for use in humans.</i></b> The product, Human Fibroblast iPC Culture (Non-Viral) Complete Dedifferentiation Media with Serum, is established and manufactured by CELPROGEN Inc., for Research use only. This product is not for re-sale or may not be transferred to a third party prior to written request and approval by CELPROGEN Inc.
